

## M&E Community of Practice

6 months | 10 organizations | 1:1 Capacity Building  
Build Skills & Share Best Practices

As a member of our M&E Community of Practice, a representative from your organization participates in a 6-month intensive that includes monthly workshops, guided tool and strategy development, and one-on-one consultation with your very own M&E expert. Together we develop and streamline your organization's M&E system.

Cohorts are limited to 10 organizations who attend:

- **6 workshops** offering in-depth skill and tool development
- **6 one-on-one capacity building** sessions for personalized support
- **Unlimited consultations** via email and phone
- **Lifetime access** to our private M&E Community of Practice network\*

Build skills and share best practices. Develop M&E systems, strategic plans, and tools customized to your organization's needs. Track program impact. Strengthen communication and extend donor engagement.

WORKSHOP 1: **Data Brainstorming & Program Flows**
